

PUREDISTANCE

Master Perfume Collection 2021/2022

Puredistance is one of the world's most exclusive perfume houses offering **only Pure Perfume Extrait**: the most precious version of fragrances with the highest concentration of perfume oil. We put all our passion and energy into the making of one truly beautiful Perfume at a time. Not just another perfume, but **a Perfume with a soul and a signature.**

At Puredistance we do not follow trends, but focus on creating timelessly beautiful Perfumes and packaging. If you fall in love with one of our Perfumes it could be for life!

Our motto is: **'small is beautiful'**. Puredistance is a privately owned company that can afford to stay small, personal and special. In today's world of fragrances, where big luxury powerhouses rule, it seems we have become a rare bird, which is something we cherish. It is our wish to continue creating **understated elegance and timeless beauty, hand in hand with true exclusivity.**

The best proof of our exclusivity is the fact that less than 100 carefully selected perfumeries worldwide are authorised to sell Puredistance. On top of that I sign each perfume personally. This kind of exclusivity, as well as our personal touch, are hard to find today.

Our final goal is to make your life a little bit more beautiful!

COOL, SOFTLY SENSUAL & REFINED

Puredistance AENOTUS Perfume

COOL, SOFTLY SENSUAL & REFINED

Puredistance AENOTUS was created by Antoine Lie in Paris as the signature scent of Puredistance founder Jan Ewoud Vos. It took them three years.

AENOTUS is a perfume that first refreshes and then transforms into a sensual, but subtle (skin)scent. A refined and silently seductive perfume that doesn't give away its personality to everyone instantly. Despite its high percentage of perfume oil, AENOTUS is not loud - and after an intense and fresh opening - transforms into a delicate scent, very close to the skin. Only those dear and near will be close enough to enjoy its subtle and intriguing character.

Notes: Orange, Mandarin, Lemon, Yuzu, Mint, Blackcurrant bud, Petitgrain, Oakmoss, Patchouli, Musks.

Puredistance GOLD Perfume

A RICH & HARMONIOUS FUSION OF GOLD TONES

The visual inspiration for GOLD has been our 'Golden Mondriaan': a palette of mainly golden colours created to illustrate the timeless concept of chic gold that naturally harmonizes with its surrounding. Elegant shades of gold - varying in intensity and warmth - are harmoniously laid out in a well balanced pattern.

RUBIKONA

CHIC
INSIDE OUT

Puredistance RUBIKONA Perfume

SENSUALITY FROM A GRACIOUS & WARM HEART

Puredistance RUBIKONA was made by Cécile Zarokian in Paris. The conception of this perfume started with the creation of the word RUBIKONA that combines the deep and warm colour red of a RUBY with the timeless beauty of an ICON.

RU BI KO NA ... Four distinct sounds that together form their own small symphony. Much like a perfectly cut RUBY that fascinates by the various shades of red and intensities of light. Puredistance Rubikona is a deep, warming perfume with a gracious, warm heart - safely embedded in deep blue satin. Elegance in every vein, in line with the sophisticated character of all other Puredistance perfumes and the essence of Puredistance. Chic inside out.

Notes: T: Grapefruit, Bergamot, Mandarin.

M: Rose, Iris, Ylang, Clove, Orange blossom, Creamy notes.

B: Patchouli, Cedarwood, Vanilla, Solar notes, Musk.
